

Chilli100's Environmental and Sustainability Policy

Chilli100 Ltd is an events company based in Plymouth, England. We provide a range of event and Exhibition services including consultation, communication planning, creative ideas, design and construction, contract stand builders, and event management.

The Directors and staff at Chilli100 are passionate about the environment which we share and therefore we acknowledge that, through our day-to-day business and operational activities and personal lives, we have an impact on the environment and therefore we committed to conduct our operations in an environmentally sustainable manner in order to protect the environment for future generations.

As part of the Chilli100 culture, we follow a program of actions which will:

- Help to minimise our impact on the environment, prevent pollution and eliminate any unnecessary damage to the environment.
- Ensure our policies and business actions promote the consideration of the environment, sustainable development and compliance with all relevant environmental legislation and regulations.
- Help to promote with our suppliers and customers the principles of positive environmental sustainable practices.

Chilli100's overall aim is to minimise the impact of our operations on the environment.

We aim to achieve this by implementing the following objectives:

- Understand and comply with, and wherever possible exceeding, environmental legislation and other relevant legislation pertaining to the environment
- Management of waste products including the reduction, re-use and recycling of all possible office materials and supplies.
- Use of energy efficient methods wherever possible.
- Manage water and energy consumption *and consumable materials* in the running of our business without compromising safety or customer service
- Encourage responsible sourcing of products and services to reduce environmental impact and wherever possible source materials locally.
- Provide adequate training to *develop policies and practices which raise awareness and encourage and enable our staff to make a contribution to achieving environmental improvement.*
- Work with suppliers and contractors to develop more environmentally friendly practices *to minimise the impact on the environment*
- Promote the use public transport to staff and visitors
- Develop systems as a means of understanding its impacts and implement an environmental management system
- Frequently review procedures and work to improve performance continually
- Implement new technology where possible and practicable to improve working practices
- Integration of environmental objectives into the everyday management of our activities.
- Use of raw materials from sustainable sources wherever possible

Chilli100 directors and staff are committed to delivering and promoting environmental and sustainable practices. Share a common concern for the environment and believe in promoting a broader sustainability agenda. This is important and integral to Chilli100's activities. We guarantee to follow and to promote good sustainability practices, to reduce the environmental impacts of all our activities and to help our clients and partners to do the same.

This policy will be subject to regular reviews and communications to all Chilli100 personnel.

Mr. Roan Yeates
Managing Director
Chilli100 Ltd
